

### How to perform Data Entry (of prescribed H1 Drugs for Patient)

**Step 1: Data Entry** where you have to maintain the record of TB Patient & Doctor Details Along with treatment details.

# User Manual or FDA H1 Reporting System

## Data Entry Process

MPOOnline Limited

There will be three Tabs Patient Details, Medicine Details and Doctor Details:

**Step 2: Patient Details Tab** In this tab you need to Where you have to write or select (Name of patient, Parent/Spouse Name, Gender, Age, Nikshay ID/Govt. Issued ID, District, Tehsil, Address, Mobile No).

**Note:** [Nikshay Id or Govt. Id] Allotted to TB patient by the Hospital at the time of TB patient treatment.

The screenshot displays the 'H1 Reporting System for Chemist & Druggist' interface. The main heading is 'TB Patient Data Entry'. Below this, there are three tabs: 'Patient Details' (selected), 'Medicine Details', and 'Doctor Details'. The 'Patient Details' tab contains the following fields:

- Name of TB Patient(Surname First)
- Parent/Spouse's Name
- Gender: Male (selected), Female
- Age
- Nikshay ID/ ID issued by GOI
- Select District (dropdown menu)
- Select Tehsil (dropdown menu)
- Address with pincode
- Mobile number

A blue 'Next' button is located at the bottom of the form. A callout bubble with the text 'Click Here' points to the 'Next' button.
